Coffetable Album

All press book covers are made with masonite to give the books a smooth, substantial feel. Seven cover material options are available including black, chocolate brown and tan fabric; black, dark brown and dark red leather; and a custom printed photo cover. Photo covers are made with a photographic print that is laminated and adhered to the masonite cover. The hinged paper allows open pages to lay flat as well as provides a thicker, more upscale paper option.

Professional Prints Starter Package

This package includes 46 prints at a discounted rate. For \$270 you get the following:

(2) 8x10's / (4) 5x7's / (40) 4x6's

The 8x10's and 5x7's will be professionally retouched and color-corrected. The 4x6's will be color-corrected only. You can have all of the same pose or all different poses. The 4x6's are great to insert in a brag-book or to send with your thank-you cards. This package is 40% off a la carte pricing (Reg. \$450)

Online Print Ordering

An online gallery will be set up for you, your friends and family, to view the photos and order prints. A wide variety of sizes are available, with optional finishes and borders. These photos are color-corrected but not retouched. They are printed on archival photographic paper and will be mailed directly to your family or guests. These print rates are available on the online gallery and will be cheaper than the "Custom Retouched Professional Prints" listed above. I will email you when your photos are posted online and through the website you can notify your guests.

Print Your Own

With some packages you will be given a copyright release that will allow you to take the photos to a photo finisher of your choice. It is recommended to not bring your photos to a Walmart/Walgreens or the like but bring them to someone with some expertise. A consumer-level photo finisher that I can recommend would be Quick Stop Photo on Hawthorne.

Portrait Sessions

Unless a portrait session is included in your package sessions are \$175 if your wedding is booked with Capture and \$250 if not booked with Capture. This is for the sitting fee and online gallery and print ordering will be a la carte. The digital negatives can be purchased for an additional \$150. Sessions last around 1-1/2 hours. With any one of these sessions you will see around 200 images. If the two of you do not want one of these sessions you have the option of gifting a portraits session to a family member or friend. You could also hold onto it to use for up to 1 year after your wedding date.

Engagement

is a photo session where the happy couple can casually get some creative photos taken together, warm up to the camera, and get some photos to use for the newspaper, to have up at the reception, use in their guest book, save the date cards, or just for fun!

Bridal

maybe you're getting a smaller package without much time, don't want to feel rushed on your wedding day for some nice portraits, or like the idea of going to a much different location in your dress that timewise you can't fit in on your wedding day. If you want to give that dress a test run then you can have photos ahead of time for the newspaper, have it up at the reception, etc.

Trash the Dress

is a photo session that has recently gained a lot of popularity. We do the shoot shortly after your wedding day to give you a last chance to wear the dress and have some uninhibited fun in it. Splash in a fountain, tromp through the forest and fields, roam the streets of Portland, play on a playground - wherever your imagination takes you, or us! The degree of "trashing" is entirely up to you, we can also be very careful with it! We can do the photos with or without the new hubby.

Lifestyle

if you want some very casual photos of the two of you in your home or hanging out in the backyard, cooking together, cuddling on the couch, laying in bed, playing scrabble, anything to document what your life is like at this point in time. As with all sessions this is a mix of candid and posed photos.

Boudior

This is an, intimate, sexy photo session we can do with or without clothes and usually takes place at your home. You can have a bridal theme or not. This session is usually without the guy but makes for very personal gift for him that he won't ever want to return! Embrace this time in your life when you look hot!
